

Work Gets Underway at the First ArrowCorps5 Site!

My brothers,

Welcome to ArrowCorps5 and congratulations on your successful start of the Boy Scout's largest outdoor service project in history!

The work we will accomplish together will leave a great impact on this ecosystem as well as others that use these lands. You will each walk away with a lifetime full of memories and renewed sense of service. Seize this opportunity to have a great time through service.

I've already had a chance to work "on the hill" removing invasive cedar trees and I can't wait to get back out there tomorrow, so I know you all will enjoy your week of service.

Have fun and learn something new everyday. I look forward to working next to each of you to leave a positive mark on our world.

Yours in Service,

Jake Wellman

2008 National Chief
